August 21, 2003

Yuri Morgan, Program Coordinator  
Denali Commission  
510 L Street, Suite 410  
Peterson Tower  
Anchorage, Alaska 99501

Dear Mr. Morgan:

Re: Funding - Washeteria Lift Station/Force Main - Napaskiak

Project AK16500-005, the Napaskiak Sewer Dump Station and Force Main, which will serve the proposed washeteria funded by the Denali Commission, has been scored and ranked by the Alaska Native Tribal Health Consortium (ANTHC) using the Indian Health Service's (IHS) Sanitation Deficiency System. The project scores high, and is slated for funding by the IHS through the ANTHC in FY2004. As such, a Cooperative Project Agreement obligating this funding has been prepared between the ANTHC and the Napaskiak Native Community that outlines project implementation, and designates Mr. George Wilson of the State of Alaska, Village Safe Water program, as the project manager. The ANTHC expects funding for this project to be available in December of this year.

Please call if you have questions in this regard (729-3535).

Sincerely,

Matthew Dixon, P.E.  
Regional Manager  
Western Region

cc: George Wilson, VSW, Anchorage  
Jim Patterson, VSW, Anchorage
