ATTN: Cindy Roberts
RE: City of Galena burn box grant

Dear Cindy,

I finally received photos of the City of Galena burn box installation and start up operation, they are enclosed.

The burn box works well and is in frequent use. It performs just like Summit Logistics predicted it would in their sales promotion. Dave Lancaster of Summit Logistics came to Galena and spent a day training the crew on how to correctly and safely operate the burn box.

I am very please with the product. I wish to sincerely thank you and the Denali Commission for funding and assistance in the process.

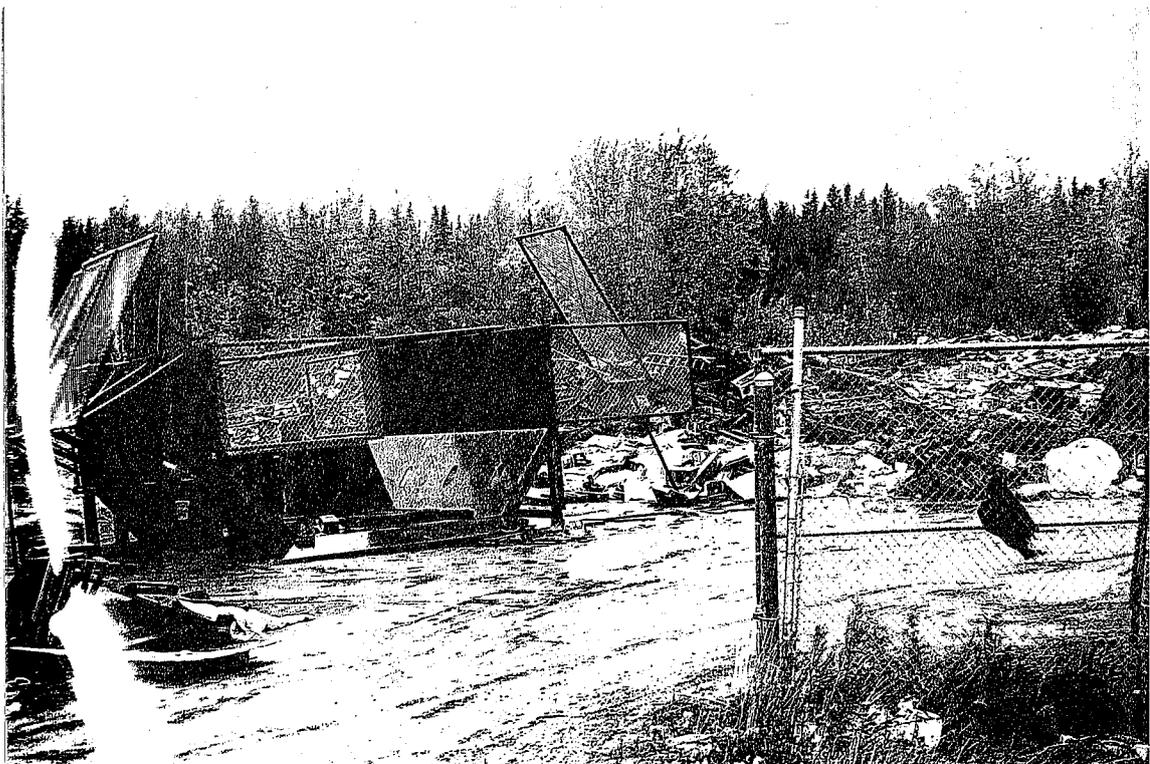

The City of Galena is proud that we can be in compliance with the new DEC regulations that go into effect July 1, 2006. No open burning will be allowed in a class 3 landfill after that time.

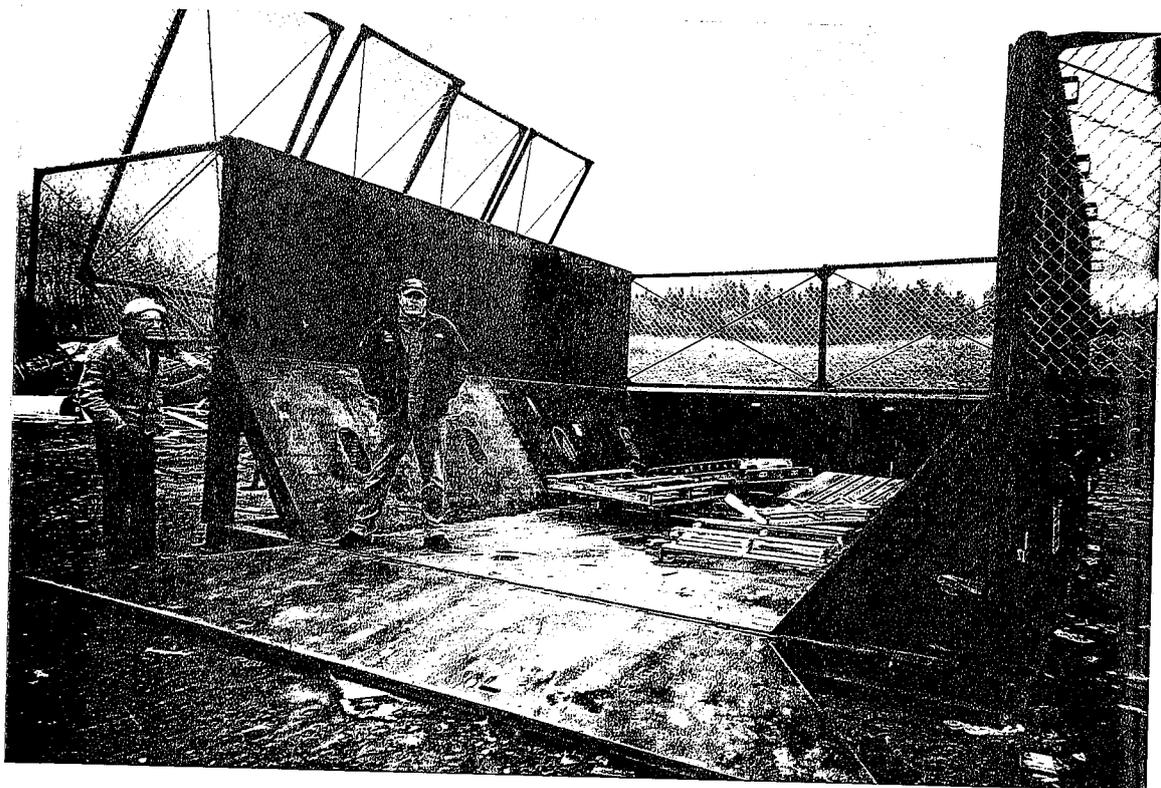

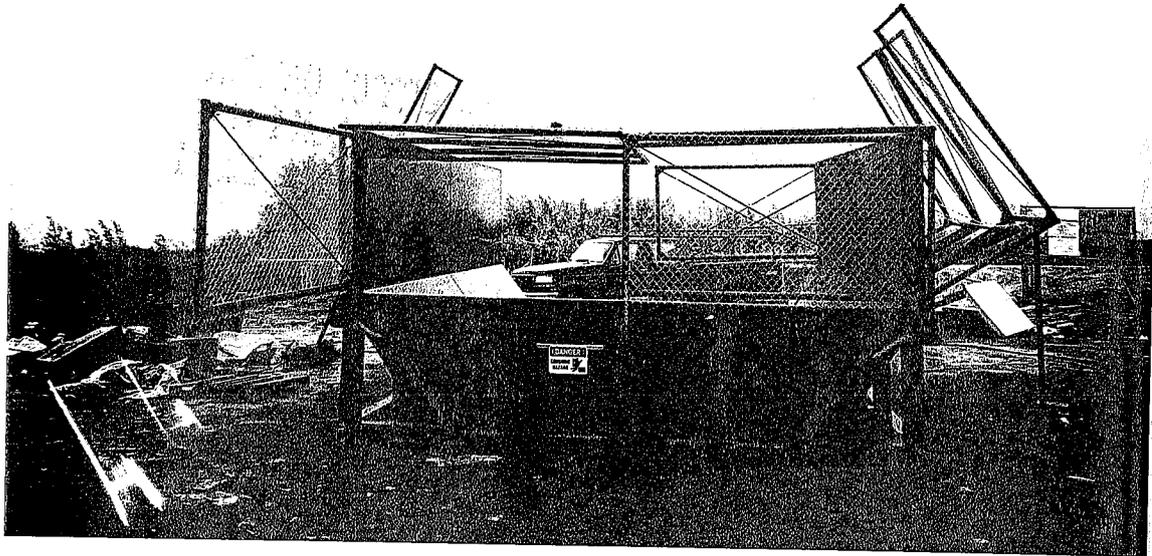

Sincerely,

Walter Wilcox
Deputy City Manager
