Re: Change in Project Number for Health Facilities Technical Assistance Subcommittee

Dear Ms. Kasmar:

We are in the process of converting our accounting system. As part of this process, it is necessary for us to change the project number for the Financial Assistance Award for the above named project. The original project number assigned was 0022-DC-2001-I4c, the new project number is 0110-DC-2001-I29. Please refer to this number in all future correspondence with the Commission about this award. This change only affects the project number and in no way modifies other conditions of the award.

This change will be reflected both in the Denali Commission Project Database System and the Automated Standard Application for Payment (ASAP) system.

If you have any questions about this change, please contact me at the number above.

Sincerely,

A handwritten signature in black ink, appearing to read "Joel Neimeyer".

Joel Neimeyer  
Health Facilities Program Manager
