

**Alaska Energy Cost Reduction Program
Progress Report**

Grantee: Golden Valley Electric Association

Project Name: Parks Highway Electric Line Extensions

Grant # 2195179

Period of Report: December 1st, 2004 to January 31st, 2005

Project Activities Completed:

Design continued and clearing for the second phase of the project were completed.

Existing or Potential Problems: Extremely cold weather in January delayed the commencement of construction activities.

Activities Targeted for Next Reporting Period:

Continue surveying, line design, easement/permit acquisition and ROW clearing for the remaining portions of the project. Construction to begin in the February when the temperatures stay above -20 degrees.
