*Award Conditions to the Financial Assistance Award
Between the Denali Commission and Alaska Village
Electric Cooperative (AVEC)
For Bulk Fuel Consolidation Upgrades & Power Generation—2005 & Beyond
Award No. 170-05, Amendment 4
August 2005*

All changes to the award conditions are noted below.

1. *Scope of Work*

Additional funding of \$1,216,828.00 is provided for the previously approved project 49A, Kasigluk Bulk Fuel Upgrade. There are no changes to the scope of work created by this amendment.

2. *Award Performance Period*

The Award performance period remains February 1, 2005 through December 31, 2007. This is the period during which Award recipients can incur obligations or costs against this Award. It is recognized that several of these projects were authorized under prior awards. Costs incurred prior to December 8, 2004 must be charged to prior awards.

3. *Budget and Program Revisions*

This increment of funding is from the Trans-Alaska Pipeline Liability Interest (TAPL), and can only be used for bulk fuel upgrade projects. If there is an excess of funds at the completion of project 49A, the TAPL funds can only be applied to another bulk fuel project, and with approval of the Denali Commission.

There are no other changes to the original Financial Assistance Award, as amended.
