*Award Conditions to the Financial Assistance Award
Between the Denali Commission and the United Way of Anchorage
For Conceptual Planning – Volunteer Provider Network
Project No. 0132-DC-2004-I19*

1. Scope of Work

This project is for the planning, development and implementation of a Project Access Volunteer Health Provider Network in Alaska. The Volunteer Provider Network will work on developing and refining a business plan for providing expanded access to healthcare options for under and uninsured individuals in the Anchorage Municipality, and for residents outside of Anchorage for some specialized secondary care services. Specifically, the project will build a network of providers from mid-level practitioners to primary care physicians to specialists, and will include a plan for providing prescription drugs. The intent of the project is to create a “virtual” network that extensively utilizes existing community resources such as clinic space in various locations and the volunteer contributions of providers.

Commission funds may be used for the following:

- Routine office supplies
- Travel costs for Christian Health Associates (CHA) staff to visit other Project Access sites in the lower 48.
- Payment of American Project Access Network (APAN) contract to assist with project development and implementation.

Through a competitive procurement process Christian Health Associates of Anchorage Alaska has been selected by United Way of Anchorage to act as lead agency on this project.

The lead agency (CHA) will serve as the coordinating entity for the Volunteer Health Care Provider Network and will be advised by the Anchorage Access to Health Care Coalition (of which United Way of Anchorage is a member).

All Commission funding is intended for use for the scope of work identified in the Award document only. In the event there is a balance of funding remaining after the full scope of work has been completed, the Denali Commission shall determine how the excess funds will be allocated.
