***Award Conditions to the Financial Assistance Award
Between the Denali Commission and Alaska Energy Authority
For Bulk Fuel Consolidation Upgrades & Power Generation—2005 & Beyond
Award No. 165-05, Amendment 5
September 2006***

All changes to the award conditions are noted below.

1. Scope of Work

A list of additional authorized projects, and authorized funding levels, is appended, and made part of this award. An additional \$2,005,101 in TAPL funds is provided. New total funding amount available under this award is \$37,337,756.00.

2. Award Performance Period

The Award performance period is not changed by this amendment, and remains February 1, 2005 through December 31, 2008. This is the period during which Award recipients can incur obligations or costs against this Award. Due to the nature of this follow-on award, costs incurred after December 8, 2004 but prior to February 1, 2005 for elements which have been carried forward from a previous award are allowable under this award.

3. Budget and Program Revisions

This amendment includes funding from the Trans-Alaska Pipeline Liability Interest (TAPL) that can only be used for bulk fuel upgrade projects. If there is an excess of funds at the completion of the Pelican and Seldovia bulk fuel projects the TAPL portion of the funding can only be applied to other bulk fuel projects, and with approval of the Denali Commission.

There are no other changes to the original Financial Assistance Award, as amended.
