*Award Conditions to the Financial Assistance Award
Between the Denali Commission and Alaska Energy Authority
For the Middle Kuskokwim Regional Energy Project
Project No. 0148-DC-2005
December 2004*

1. Scope of Work

The scope of work under this Financial Assistance Award (the "Agreement") is to plan and construct the Middle Kuskokwim Regional Energy Project (MKREP) for the communities of Aniak, Chuathbaluk, Crooked Creek, Red Devil, Sleetmute, Stony River, and Takotna. All funds provided may be used for any aspect of these projects, but may not be transferred to projects not identified as part of the MKREP. The intent is not to set aside a specific sum of Commission funding to a particular community, but rather that the MKREP be completed within the available funding.

AEA may make subgrants to Alaska communities or local utilities to construct the projects, and AEA may act as the subgrantees' agent to plan, design, and construct the projects.

All Commission funding is intended for use for the scope of work identified in the Award document only. In the event there is a balance of funding remaining after the full scope of work has been completed, the Denali Commission shall determine how the excess funds will be allocated.

2. Milestones

Milestones for each of projects in the seven listed MKREP communities will be identified in the Denali Commission database. All of the projects are scheduled for beneficial occupancy by December 31, 2005, with completion of punch list items by June 30, 2006.

3. Award Performance Period

The Award performance period is December 1, 2004 through June 30, 2006. This is the period during which Award recipients can incur obligations or costs against this Award. Due to the nature of this funding completion award, costs incurred prior to December 1, 2004 for elements which have been carried forward from a previous award are allowable under this award.

4. Direct and Indirect Costs

The cost principles of OMB A-87 are applicable to this Award. The direct cost of AEA personnel time devoted to and identified on their timesheets for the performance of the award, i.e. plan and construct the projects under section 1 of this award, are allowable. In addition, up to 3% of the total costs under this award are allowable for the direct cost of AEA personnel time devoted to and identified on their timesheets for administration of the award. AEA direct personnel costs for grant administration exceeding the 3% limit plus indirect costs will be considered a matching contribution.

5. Budget and Program Revisions

The OMB Administrative Circular A-102 applies to this Award. The Administrative Circular requires that AEA will inform the Commission in writing (e-mail, letter, or report) at the earliest possible date of any unanticipated project cost overrun, project schedule delays, or changes in the project scope or changed site conditions. Written request by letter from the AEA Project Manager to the Commission Program Manager for concurrence is necessary for budget and program revisions where the change would result in the need for additional Commission funds.

6. Payments

Payments under this Award will be made through the U.S. Department of Treasury's Automated Standard Application for Payment (ASAP) system. The ASAP system is the Commission's mechanism for requesting and delivering Federal funds to Award recipients. Your organization must be registered with the ASAP program in order to make draw downs. Please contact the Commission's Program Manager or Finance Manager for further information about registering with the ASAP program. Payments shall be made in accordance with OMB Administrative Circular A-102. **No interest will be accrued on these funds.**

7. Reporting

Three forms of project reporting are required under this Award, listed below. AEA shall submit reports using the Denali Commission's on-line Project Database System, available at www.denali.gov. If there are technical limitations which may prevent the recipient from meeting this requirement, please contact the Program Manager listed in this agreement.

- a. **Progress Reports** shall be submitted on a quarterly basis. The next reporting period is December 1, 2004 – March 31, 2005, and each quarter thereafter. Reports are due within 30 days of the end of the reporting period. Progress reports shall include the following:
 - i. Total project funding, including both Denali Commission funding and other project funding sources.
 - ii. The total project expenditures for the project as of the end of the reporting period, including both Denali Commission and Other funding sources.
 - iii. Updated schedule and milestone information as identified in the Scope of Work
 - iv. Narrative summary of the project status and accomplishments to date which addresses the following questions: is the project on schedule, is the project on budget, and what actions are planned to address any project problems.
 - v. **Construction Projects** Photographic documentation of project progress shall be provided with the progress reports for active construction projects. The photo documentation shall include a minimum of three, dated photos per reporting period such that a complete record of the construction is maintained over time, from "before," showing the situation before the start of construction, to "during" showing work proceeding on the project, and "after" to show the finished project.

Photos shall be provided in a digital format as part of the on-line report. A short description of the activity and names of those in the photos shall also be provided.

- b. **Wage and Residency Reports** shall be submitted on an annual basis using the Denali Commission On-line Project Database. The reporting period is January 1st – December 31st of each year. Reports are due within 30 days of the end of the reporting period. The Wage and Residency Report shall include the following information by for each construction project
- i. Total number of Local Residents employed during the year, and their total payroll earnings.
 - ii. Total number of Non-Local Alaska Residents employed during the year, and their total payroll earnings.
 - iii. Total number of Non-Alaska Residents employed during the year, and their total payroll earnings.
- c. **Federal Single Audits** shall be submitted annually, when required. In accordance with OMB Circular A-133, which requires [subpart 200] “Non-Federal entities that expend \$500,000 or more in a year in Federal awards shall have a single or program-specific audit conducted for that year in accordance with the provisions of this part. [subpart 205] The determination of when an award is expended should be based on when the activity related to the award occurs.”

Recipients shall also submit single audits to the Federal Clearinghouse designated by OMB. Information can be found on the following web-site:

<http://harvester.census.gov/sac/>

8. Project Close-Out

The project close-out shall be completed within 90 days of the end of the Award performance period or within 90 days of the completion of the project, whichever is earlier. Since the MKREP has received funding under multiple Denali Commission Awards, only one project close-out report shall be submitted that includes the entire project. Recipients must also draw down any remaining funds for expenditures incurred under this award during this 90-day period.

The Project Close-out report shall be submitted on-line through the Denali Commission’s on-line Project Database System, available at www.denali.gov. The project close out will require the recipient to submit the following information:

- a. Final data for each item listed in paragraph 6(a) “Progress Reports”
- b. Final project expenditures itemized by the following categories: planning & design; materials & equipment; freight; labor; project administration/overhead and other expenses.
- c. Acknowledgement of support: For all construction projects, the Award recipient shall display a sign that acknowledges the Government’s support for the project(s)

developed under this Award. The Commission will provide an appropriate sign. The Award recipient must request an indoor and/or an outdoor sign from the Commission office. Pickup or delivery of the sign can be arranged at that time.

9. Public Policy Laws and Assurances

Award Recipients are required to comply with the public policy laws and assurances on Standard Forms SF 424b (non-construction projects) or SF 424d (construction projects). This form must also be signed by a certifying official of the organization. Some of the laws are highlighted below for your reference.

To the maximum extent practicable, considering applicable laws, Funding Recipients shall accomplish the project contemplated by the Award using local Alaska firms and labor.

Project level environmental reviews in accordance with the National Environmental Policy Act (NEPA) and the National Historic Preservation Act (NHPA) are required for each project undertaken with Denali Commission funds.

10. Non-Compliance with Award Conditions

Recipients not in compliance with the terms and conditions of this Financial Assistance Award will be notified by the Denali Commission. The Denali Commission will work with the recipient to identify the steps necessary to bring them back into compliance, and will establish an appropriate time frame for the corrections to be made. If the corrections have not been made by the deadline, the Denali Commission reserves the right to either suspend or unilaterally terminate the Financial Assistance Award for non-performance.
