Financial Assistance Award Conditions
Between the Denali Commission and the City of Skagway
For a Comprehensive Regional Health Strategy - Skagway
Project No. 0128-DC-2004-I15

1. Scope of Work

This Financial Assistance Award is drafted in response to the assumption of responsibility by the City of Skagway from the Skagway Medical Clinic for delivery of health services in the Dahl Memorial Clinic. This transfer of responsibility includes the assumption of Project 0067-DC-2002-I20 responsibilities by the City of Skagway. The Skagway Medical Clinic has been dissolved.

The revised scope of work for this project includes the completion of a conceptual design of primary care improvements for the community of Skagway. It is understood by the parties that the original scope of work included analysis of a recreational center and swimming pool as part of the conceptual planning efforts. These are no longer under consideration, the focus of the revised scope of work is primary care only.

Funding can be used for direct costs, contracting costs, travel expenses, and the like, however, funding cannot be used for the City of Skagway staffing costs including the Medical Clinic. The City of Skagway will consult with Commission Staff regarding approval of the City's procurement procedures, specifically competitive procurement policies.

The Skagway Medical Clinic is to coordinate their conceptual planning efforts through Mr. Mark Millard with the State of Alaska – Division of Public Health, unless otherwise directed by the Commission's Project Officer.

The parties acknowledge that the Skagway Medical Clinic did not use competitive procurement policies in hiring a consultant in 2002 to provide preliminary conceptual planning services. The consultant provided a bill of \$31,465.00 that remains unpaid. To the credit of the City of Skagway they immediately suspended this contract upon assumption of responsibilities. The City of Skagway may expend additional Commission funding provided in this Award to obtain a final report from the consultant. Subsequent to the suspension of the consultant's contract, the community has completed a health needs assessment as part of their application for a Community Health Center. It is therefore expected that the architectural and engineering consultant will be tasked with considering the new information from the health needs assessment and provide a final report. In addition, the community may be considering an additional clinic site and the report may factor this alternative, too. The parties acknowledge that all other professional contracts will be procured through a competitive process.

All Commission funding is intended for use for the scope of work identified in the Award document only. In the event there is a balance of funding remaining after the full scope of work has been completed, the Denali Commission shall determine how the excess funds will be allocated.

2. Milestones

The following milestones are identified as the major steps to be completed as part of the project. "Planned" dates for the first milestone are included here. As part of each progress report, recipients shall update the progress toward meeting these milestones (see section 7, Reporting).

| Order | Planned | | Actual | |
|-----------------|------------|------------|------------|----------|
| | Start Date | End Date | Start Date | End Date |
| Planning/Design | 10/01/2004 | 02/28/2006 | | |

3. Award Performance Period

The Award performance period is October 1, 2004 through February 28, 2006. This is the period during which Award recipients can incur obligations or costs against this Award. Due to the assumption of responsibilities from Skagway Medical Clinic, the outstanding invoice in the amount of \$31,465 is an allowable cost under this Award.

4. Direct and Indirect Costs

The cost principles of OMB A-87 are applicable to this Award. Please refer to the cost principles regulations for specific details on other allowable charges under this Award.

5. Budget and Program Revisions

The Administrative Circular A-102 applies to this Award. Please refer to the Administrative Circular for specific details on revisions to this Award. The Administrative Circular requires that the City of Skagway will inform the Commission in writing (e-mail, letter, or report) at the earliest possible date of any unanticipated project cost overrun, project schedule delays, or changes in the project scope or changed site conditions.

6. Payments

Payments under this Award will be made through the U.S. Department of Treasury's Automated Standard Application for Payment (ASAP) system. The ASAP system is the Commission's mechanism for requesting and delivering Federal funds to Award recipients. Your organization must be registered with the ASAP program in order to make draw downs. Please contact the Commission's Program Manager or Finance Manager for further information about registering with the ASAP program. Payments shall be made in accordance with Administrative Circular A-102. **No interest will be accrued on these funds.**

7. Reporting

Two forms of project reporting are required under this Award, listed below. The City of Skagway shall submit reports using the Denali Commission's on-line Project Database

Photos shall be provided in a digital format as part of the on-line report. A short description of the activity and names of those in the photos shall also be provided.
- b. **Federal Single Audits** shall be submitted annually, when required. In accordance with OMB Circular A-133, which requires [subpart 200] "Non-Federal entities that expend \$500,000 or more in a year in Federal awards shall have a single or program-specific audit conducted for that year in accordance with the provisions of this part. [subpart 205] The determination of when an award is expended should be based on when the activity related to the award occurs."

Recipients shall also submit single audits to the Federal Clearinghouse designated by OMB. Information can be found on the following web-site:
<http://harvester.census.gov/sac/>

8. Project Close-Out

The project close-out shall be completed within 90 days of the end of the Award performance period or within 90 days of the completion of the project, whichever is earlier. Recipients must also draw down any remaining funds for expenditures incurred under this award during this 90-day period.

The Project Close-out report shall be submitted on-line through the Denali Commission's on-line Project Database System, available at www.denali.gov. The project close out will require the recipient to submit the following information:

- a. Final data for each item listed in paragraph 6(a) "Progress Reports"
- b. Final project expenditures itemized by the following categories: planning & design; materials & equipment; freight; labor; project administration/overhead and other expenses.
- c. Acknowledgement of support: For all non-construction projects, the Award recipient shall include an acknowledgement of the Government's support for the project(s) developed under this Award. The format for acknowledgement of the Government's support for non-construction awards will vary with each award and must be agreed upon between the Award recipient and the Denali Commission Project Manager. Costs associated with this requirement shall be paid out of the project funding received by the Award recipient from the Denali Commission.

9. Public Policy Laws and Assurances

Award Recipients are required to comply with the public policy laws and assurances on Standard Forms SF 424b (non-construction projects) or SF 424d (construction projects). This form must also be signed by a certifying official of the organization. Some of the laws are highlighted below for your reference.

To the maximum extent practicable, considering applicable laws, Funding Recipients shall accomplish the project contemplated by the Award using local Alaska firms and labor.

No portion of this award may be used for lobbying or propaganda purposes as prohibited by 18 U.S.C. Section 1913 or Section 607(a) of Public Law 96-74.

Project level environmental reviews in accordance with the National Environmental Policy Act (NEPA) and the National Historic Preservation Act (NHPA) are required for each project undertaken with Denali Commission funds.

10. Non-Compliance with Award Conditions

Recipients not in compliance with the terms and conditions of this Financial Assistance Award will be notified by the Denali Commission. The Denali Commission will work with the recipient to identify the steps necessary to bring them back into compliance, and will establish an appropriate time frame for the corrections to be made. If the corrections have not been made by the deadline, the Denali Commission reserves the right to either suspend or unilaterally terminate the Financial Assistance Award for non-performance.
