Issue: Distressed Community Criteria 2010 Update

Date: May 2010

Background:

This 2010 annual update of the distressed community list prepared by the Alaska Department of Labor and Workforce Development (DOL&WD), Research and Analysis Section, uses the most current population, employment and earnings data available to identify those Alaska communities considered “distressed”. The distressed status is determined by comparing average income of a community to full-time minimum wage earnings, the percentage of the population earning greater than full-time minimum wage earnings and a measure of the percentage of the population engaged in year-round wage and salary employment.

More Community Data Available

This report uses enhanced physical place of residence information to better identify the community of residence for Permanent Fund Dividend applicants age 16 and over. Communities included in this report are closely aligned with those used in the annual population place estimates prepared by the Alaska Department of Labor and Workforce Development.

Attached is a list of Alaska communities with employment and earnings information used to determine their distressed community status for 2010. Maps by economic region that show locations of communities that meet the distressed criteria are also included.

Surrogate Standard Background

The Denali Commission adopted alternate methods of determining community eligibility when census data were not available for the 2000 update. That “surrogate” standard considered additional data and methodology. For this 2010 update, we compiled the data required to implement a “surrogate” standard to determine eligibility.

Data Sources and Methodology

Three sources of data are used for the 2010 update:

- 2009 Permanent Fund Dividend applications (PFD). This information includes the applicant’s age, social security number (SSN), and physical place of residence.

- Alaska unemployment insurance wage records for calendar year 2009. This information includes wage and salary worker earnings from all private, state and local government employers. Federal government, military, and self-employed earnings are not available and not included in the earnings estimate.
- Calendar year 2008 Commercial Fisheries Entry Commissions (CFEC) total fish value data by community, the most recent data available.

All 2009 PFD applicants age 16 and over in 2009 were assigned to an Alaska borough/census area and community by place of residence. PFD applicants age 16 and over were matched with wage and employment information by SSN. CFEC 2008 total fish values were added to wage and salary earnings to compute community average market income.

2010 Update Surrogate Standard

A community that meets two of the following three surrogate standard criteria is considered distressed:

Criteria 1 Average market income in 2009 is less than \$14,968.

$$\begin{aligned} \text{Average market income} &= \frac{\text{Community UI Earnings} + \text{Community CFEC Earnings}}{\text{Number Residents 16 and Over}} \\ \$14,968 &= \text{Minimum Wage until 7/24/09 } (\$7.15/\text{hour} \times 1,120 \text{ hours/year}) \\ &\quad \text{Plus} \\ &\quad \text{Minimum Wage after 7/24/2009 } (7.25/\text{hour} \times 960 \text{ hours/year}) \end{aligned}$$

Any community with an average market income of less than \$14,968 in 2009 meets this criteria.

Criteria 2 More than 70% of residents 16 and over earned less than \$14,968 in 2009.

$$\text{Percent Residents w/Earnings} < \text{than } \$14,968 = 100 \times \frac{\text{Number Residents w/Earnings} < \text{than } \$14,968}{\text{Number Residents 16 and Over}}$$

Any community with more than 70% of its residents earning less than \$14,968 in 2009 meets this criteria.

Criteria 3 Less than 30% of residents 16 and over worked all four quarters of 2009.

$$\text{Percent Residents Employed All 4 Quarters} = 100 \times \frac{\text{Number Residents Employed All 4 Quarters}}{\text{Number Residents 16 and Over}}$$

Any community with less than 30% of its residents employed all four quarters of 2009 meets this criteria.

Appeals

The Denali Commission recognizes that in some cases the data collection and application methodology does not accurately reflect the appropriate classification of some communities. Therefore, the Commission is open to reviewing a community's classification as "non-distressed." Any community that believes a "non-distressed" classification was determined in error may appeal to the Denali Commission. Appeals determinations will be made in lieu of new information (relevant economic data and facts) which demonstrate the data compiled by the DOL&WD was erroneous, invalid, or outdated. Additionally, the Commission will take into consideration the past economic status of a community as determined by the Denali Commission's annual Distressed Community Criteria lists dating back to 2002. Past economic statuses will not, however, be the single determining factor for successful appeals. They will be considered in addition to the new information provided. New information must come from a verifiable source and be robust and representative of the entire community and/or population.

In addition to demonstrating the data compiled by the DOL&WD was erroneous, invalid, or outdated, the new information must demonstrate a community does meet at least two of the three Surrogate Standard criteria as defined above for classification as a distressed community.

Appeals must be sent in writing to the attention of the Denali Commission Director of Programs who will make an appeal determination based on the new verifiable information presented and will provide a response in writing within 30 days.

Send appeals to:

*Denali Commission
Attention: Director of Programs
510 L Street, Suite 410
Anchorage, AK 99501*

**The last section of the "Communities that meet 2010 Distressed Criteria" below contains the names of communities which have successfully appealed their status as "non-distressed" and received a "distressed" classification from the Commission.*

Distressed Communities as Defined by Surrogate Standard

The following is a list of communities that meet the surrogate standard for distressed communities.

Communities that meet 2010 Distressed Criteria

AKIACHAK
AKIAK
ALAKANUK

Communities that meet 2010 Distressed Criteria

ALCAN BORDER CDP
ALENEVA CDP
ALLAKAKET
AMBLER
ANGOON CITY
ANVIK
ARCTIC VILLAGE CDP
ATMAUTLUAK
BEAVER
BIG DELTA CDP
BIRCH CREEK
CENTRAL
CHALKYITSIK
CHASE CDP
CHEFORNAK
CHEVAK
CHICKEN

***Communities Classified as Distressed through the Appeals Process**

The following communities have successfully completed the appeals process and been reclassified by the Denali Commission as distressed communities:

HAINES	(Granted 2008)
GLENNALLEN	(Granted 2007)
CHENEGA	(Granted 2006)

NANWALEK	(Granted 2006)
ATMAUTLUAK	(Granted 2005)
GEORGETOWN	(Granted 2005)
KONGIGANAK	(Granted 2005)
MCGRATH	(Granted 2005)
NAPASKIAK	(Granted 2005)
NEWTOK	(Granted 2005)
OSCARVILLE	(Granted 2005)
SHAKTOOLIK	(Granted 2005)
BREVIK MISSION	(Granted 2005)
PORT GRAHAM	(Granted 2004)
NEWHALEN	(Granted 2001)

Communities that do not meet 2010 Distressed Criteria

ADAK CITY

WRANGELL CITY

3% Criteria

Criteria 1 Average earnings in 2009 from UI covered employment and fishing less than \$14,968 x 1.03 = \$15,417 (change from \$14,968)

Criteria 2 The percentage of residents 16 and over with 2009 earnings less than minimum wage of \$14,968 greater than 67% (change from 70%)

Criteria 3 The percentage of residents 16 and over employed in all four quarters of 2009 is less than 33% (change from 30%)
