RE: Denali Commission Transportation Improvement Program

Dear Commissioner Luiken:

This letter is provided to request that the enclosed Denali Transportation Improvement Program (Denali TIP) amendment be processed by your Program Development Division for inclusion in the DOT&PF State Transportation Improvement Program per the requirements of Title 23 CFR.

The FY 2011 Denali TIP amendment reflects changes and additions to the Commission's Federal-Aid funded projects since the last amendment was submitted to DOT&PF in November 2010.

This current amendment includes road and waterfront development projects recommended by the Commission's Transportation Advisory Committee in January and March of this year, and minor changes based on project completions and other administrative project reviews. The FY 2011-selected projects are funded under SAFETEA-LU Sections 1934, 1960 and 3011.

On behalf of the Commission I would like to thank you for the tireless work of your staff to coordinate and advance the Commission's Transportation Program. For questions regarding the Denali TIP, or projects contained within the document, please contact Ms. Tessa DeLong, Senior Transportation Program Manager, [tdelong@denali.gov](mailto:tdelong@denali.gov) or (907) 271-1624.

Sincerely,

A handwritten signature in black ink, appearing to read "Joel Neimeyer".

Joel Neimeyer  
Federal Co-Chair
