MEMORANDUM

DATE: March 18, 2010
FROM: Paul Morrison, Project Manager *P.C.*
SUBJECT: New Health Clinic, Aleknagik, Alaska
Environmental Consideration
Amendment # 3 to CPA Project No. AN 06-GG8
TO: IHS NEPA Determinations

Federal funding for this project requires an environmental review in accordance with the National Environmental Policy Act (NEPA) and the National Historic Preservation Act (NHPA). The Alaska Native Tribal Health Consortium (ANTHC) uses the Indian Health Service (IHS) environmental review procedures as outlined in the Environmental Review Manual, issued in January 2007. Current IHS policy (Federal Register, Vol. 58, No. 3, January 6, 1993, pp. 569-572) allows for categorical exclusion of actions and construction activity that do not have a significant impact on the environment.

The original scope of work for Project AN 06-GG8 was to provide construct a new health clinic in Aleknagik, Alaska

The environmental review for this project is the responsibility of the City of Aleknagik. This amendment deobligates funding from the project, and the environmental impacts reviewed are within the scope of the original document and consistent with current regulations. No additional environmental review is necessary at this time.

The ANTHC will revisit this environmental review to determine if potential environmental concerns have been addressed if the scope of work changes.
