April 25, 2012

DEC - Village Safe Water
Attn: Mr. Philip Gagnon, P. E.
555 Cordova Street
Anchorage, AK 99501-2617

Dear Mr. Gagnon:

This letter is concerning the \$106,256.57 from State of Alaska Village Safe Water Program (VSW) which was secured along with FEMA Funds to address the insulation and sheeting of the city of Shaktoolik's Water Storage Tank. As we discussed this with Denali Commission and FEMA in Anchorage, this would only cover 25 percent of the project. The city of Shaktoolik is going after a Grant from Norton Sound Economic Development (NSEDC) for the remaining funds to complete this project with the Denali Commission acting as our Technical Assistant & Consultant.

I have recently learned that you would be leaving VSW effective May 1st; therefore, we are asking that the allocated funds be turned over to the city of Shaktoolik with the Denali Commission providing Technical Assistance who would oversee this project to its completion with funding from FEMA, VSW and NSEDC Grants.

Thank you for all your services with Alaska Village Safe Water and the city of Shaktoolik. I appreciate your openness to give us any further technical assistance if needed.

Thank you.

Sincerely,

Eugene Asicksik
Mayor
