The Honorable Eugene Asicksik
Mayor, City of Shaktoolik
P.O. Box 10
Shaktoolik, AK 99771

RE: Denali Commission (Commission) Acknowledgement of Project Assistance - City
of Shaktoolik (City) Water Storage Tank Insulation Project – Shaktoolik, Alaska

Dear Mayor Asicksik:

Grant Amendment #2 provides a portion of the project funding required for the completion of the insulation system replacement to the roof of the water storage tank. Please note that the Commission is in concurrence with the language included in “Article B; Section 6” of Grant Amendment #2 which outlines the City’s responsibilities and states that the Commission will assist the City in meeting them. As stated in Mark Spafford’s letter to you dated April 16, 2012, the Commission continues to stand ready to assist the City in the successful completion of the water storage tank insulation replacement project and meeting all of the administrative requirements that are associated with the different funding agencies – including VSW.

This project represents an opportunity for Federal, State and local agencies/organizations to leverage available resources and work together as partners to assist your community with the improvement of its physical infrastructure and protect it for the long-term. Please do not hesitate to contact Mark Spafford via phone at: 907-271-1197; or, email at: mspafford@denali.gov; if you have any questions or need any assistance.

Sincerely,

Joel Neimeyer
Federal Co-Chair

ec: Bill Griffith, Facility Program Manager, Village Safe Water
David Longtin, Engineer I, Village Safe Water
Denali Commission – Nancy Merriman/Mark Spafford
