Dear Mr. McConnell:

The Division of Coastal & Ocean Management (DCOM) has reviewed the Coastal Project Questionnaire (CPQ) and other pertinent information regarding the above referenced project. Based upon the information you have supplied, your proposed project does not require a State review for consistency with the Alaska Coastal Management Program (ACMP), because it does not require permits subject to the ACMP.

You are not relieved from obtaining required permits and approvals from state, federal or local agencies before you begin the proposed work. Nothing in this letter excuses you from compliance with other statutes, ordinances, or regulations that may affect any proposed work.

This decision is ONLY for the proposed project as described. If there are any changes to the proposed project, including its intended use, prior to or during its siting, construction, or operation, contact this office immediately to determine if further review and approval of the revised project is necessary.

Thank you for your cooperation with the ACMP.

Sincerely,

Margie Goatley
Project Review Coordinator
