Pursuant to the terms and conditions of the Grant/Award, this Authorization:

Background: Through the following initiative, the University of Alaska will support the Limited Radiography program that will lead to an occupational endorsement and prepare entry level workers for employment as limited radiographers. This is a significant program demand in rural Alaska because of pending legislation that requires this endorsement in for all Radiology Technicians.

The purpose of the project authorization will programmatically and financially close out this project. Unused funds in the amount of \$2,765.41 will be returned to award 1057. The original award budget was \$8,539.00 which closed out under budget at \$5,773.59 . This project has been permanently moved to the University of Alaska's general fund budget.
