**AWARD CONDITIONS TO THE FINANCIAL ASSISTANCE AWARD
BETWEEN THE DENALI COMMISSION AND
BERING STRAIT SCHOOL DISTRICT (BSSD)
FOR TEACHER HOUSING – A DEMONSTRATION PROJECT**

September 26, 2003

Project No. A-2003-03

1. Scope of Work

This financial assistance award will cover the costs associated with renovating the old Savoonga Clinic currently owned by the Indian Health Service into temporary teacher housing. For purposes of easy reference, this clinic is commonly referred to as the "Old Clinic."

Given the urgent nature of improvements necessary to convert the old clinic into adequate teacher housing a cost estimate is not yet available. Accordingly, the Commission is committing up to \$100,000 for this demonstration project. The Commission will provide additional direction for the use and restrictions of these funds including the return of any unused amount.

All Commission funding is intended for use for the scope of work identified in the Award document only.

2. Award Performance Period

The Award performance period is September 26, 2003 through September 30, 2004. This is the period during which Award recipients can incur obligations or costs against this Award.

3. Direct and Indirect Costs

The cost principles of OMB A-87 are applicable to this Award. Indirect costs up to 5% are allowable under this Award. Please refer to the cost principles regulations for specific details on other allowable charges under this Award.

4. Budget and Program Revisions

The Administrative Circular 15 CFR 24 applies to this Award. Please refer to the Administrative Circular for specific details on revisions to this Award. The Administrative Circular requires that BSSD will inform the Commission in writing (e-mail, letter, or report) at the earliest possible date of any unanticipated project cost overrun, project schedule delays, or changes in the project scope or changed site conditions.

5. Reporting

Five forms of project reporting are required under this Award, listed below. The first quarterly reporting period is October 1, 2003 – December 31, 2003. Unless otherwise indicated, reports are due within 30 days of the end of the reporting period.

The Commission reserves the right, at a future date, to direct BSSD to provide the progress reports in electronic format for posting on the Commission web page.

- a. Quarterly project reporting shall include both a narrative and financial summary. The narrative summary shall include a summary of the project status and accomplishments to date, and address the following questions: is the project on schedule, is the project on budget, and what actions are planned to address any project problems. The project financial status report shall show the following:
 - i. The total project budget
 - ii. The project schedule with milestone dates for design and construction
 - iii. The total amount of Denali Commission funds committed to the project
 - iv. The total project expenditures as of the end of the most recent quarter
 - v. The total expenditure of Denali Commission funds for the project as of the end of the most recent quarter
 - vi. The percentage of expenditures to the total budget; and
 - vii. A project performance analysis on project line items, as defined by BSSD, showing budget costs compared to actual expenditures and obligation to date versus work performed to date (for each line item).
- b. A final Financial Status Report (Standard Form 269 – www.whitehouse.gov/OMB/grants/index.html#forms) shall be submitted to the Commission Project Officer within 90 days after the end of the Award Performance Period. If the Award Performance Period is longer than one year, or if the Agreement is revised to extend the Award Performance Period beyond one year, the recipient must submit a completed Standard Form 269 annually within 90 days after the end of each anniversary of the award date.
- c. A Labor Type, Residence, and Wage Report shall be submitted to the Commission project officer at a minimum of two times annually. At a minimum, these two reports must be submitted on or near December 1st, 2003. A Labor Type, Residence, and Wage Report must included the following information by construction project for any person employed on the construction of that project: position, place of primary residence, first check date, last check date, rate of pay per hour, payroll earnings from inception of project to date. Personal or confidential information such as Social Security numbers, names of individuals, or other information that would identify an individual should not be included in this report.
- d. Photographic documentation of project progress shall be provided with the quarterly reports for active construction projects. The photo documentation shall include a minimum of five, dated photos per quarter such that a complete record of the construction is maintained over time, from “before,” showing the situation

before the start of construction, to “during” showing work proceeding on the project, and “after” to show the finished project. For minor repair and O&M projects, pictures should be provided of before and after to the extent possible. Photos may be provided as photo quality, 3x5 prints with negative for each picture, and/or print quality electronic photos (digital images). A short description of the activity and names of those in the photos shall also be provided.

- e. BSSD shall report the percentage of total funds (from the Commission and other sources) received used for planning, design and construction. In addition, this report will include a breakdown on how these funds were used: force account construction (including local labor wages paid, rural Alaska wages paid, and total project wages paid), and construction contracting.
