Division of Environmental Health and Engineering	=	DEHE
Denali Commission	=	Commission

This CPPA contains information about the project scope of work, project funding, project costs, and project administration.

B. SCOPE OF PROJECT

The scope of this project will be the completion of Code and Conditions surveys for the following community clinics and facilities: Allakaket; Coffman Cove; Hoonah; Larsen Bay; Karluk; Tatitlek; Iliuliuk Family and Health Services, Inc. in Unalaska; Wales; Whittier; Tideline Clinic in Wrangell; Wrangell Medical Center; and Ruby. Not all of the above listed facilities may be completed. The Commission will issue an e-mail or other written correspondence indicating which of the above facilities will have a Code and Condition survey completed in order to save on the administrative cost of issuing award addendums.

C. PROJECT FUNDING

TOTAL PROJECT FUNDING			<u>\$240,000</u>

Project activities will not proceed before the execution of this agreement.

The total funding shown in the Cost Estimate Table is the not-to-exceed estimated budget amount to provide the scope of work identified in this agreement. ANTHC acknowledges that once the project scope of work is completed, any remaining funding will not be used without an amendment to the Commission’s award and subsequent amendment to this document. In turn, if the actual cost of this project is anticipated to exceed the estimated budget, ANTHC may reduce the scope of work or seek the additional funding required to complete the scope of work. ANTHC may seek additional funds to complete the scope of work by amendment to this agreement, if funding is available.

Funding for this project is made available to ANTHC through Denali Commission Financial Assistance Award 397-08 dated May 2008 and Project Authorization 00397-F, dated August 2008.
