Dear Mr. Davis:

On April 12, 2011, we received an Action Plan for the Coffman Cove Roads Paving project. The Action Plan was in response to the April 6, 2010, letter from David Miller, Division Administrator, and the Federal-Aid Ineligibility Notification 10-003 (revised) that was issued on April 15, 2010. We have reviewed the Action Plan and have determined that it addresses all of the concerns that were raised. In addition, on April 25, 2011, we reviewed and signed a new Categorical Exclusion document covering all of the work that was added to the project following authority to proceed to construction issued in 2008.

The action plan and new Categorical Exclusion document are well developed documents and are signs that the project is now ready to move forward. As a result, costs incurred for Coffman Cove Roads Paving (AKI09) Project No. 69099; HPRM-0003(124)/DC-225-06/DC-396-085 as of April 25, 2011, are eligible for federal participation.

We appreciate all the efforts that your Region has put forth on this project. If you have any questions, please contact Alex Viteri, Jr., P.E., Southeast Regional Area Engineer, at the contact information above or by email at [Alex.Viteri@dot.gov](mailto:Alex.Viteri@dot.gov).

Sincerely,

Sandra Garcia-Aline  
Assistant Division Administrator
