January 12, 2010

The Honorable Warren Rock Sr., Mayor  
City of Brevig Mission  
P.O. Box 85021  
Brevig Mission, AK 99785

Dear Mr. Rock,

As of October 15, 2009 the construction of the Brevig Mission Community Streets was complete. Therefore as of the date of this letter maintenance is the responsibility of the City of Brevig Mission.

It is recommended that the city streets be graded at least twice annually, the snow fence be inspected and repaired each fall and all the storm sewers and culverts be cleaned annually.

The erosion control silt fence along Agiapuk Ave will need to be monitored until grass is established on the slopes above the silt fence. Once grass is established the city will need to remove the silt fence and dispose.

Kawerak is preparing a maintenance project for the summer of 2010 to install a storm water inlet and drain to remove the standing water in front of the Lutheran Church. Kawerak will coordinate with the City of Brevig Mission once that work is scheduled this summer.

Kawerak Inc. appreciates the opportunity to work with the City of Brevig Mission. If in the future any questions arise, please feel free to call me at 907-443-4251. Thank you.

Sincerely,

Denise Michels  
Transportation Program Director

DM/SM
